EMPLOYMENT HISTORY & EXPERIENCE

Emerhub, Indonesia

emerhub.com

Feb 2020 – Till date

Product UX/UI Designer

Work from remote
(due to Covid-19 till date)

Emerhub is a professional services firm in Southeast Asia. It assist companies in setting up and **managing overseas operations in markets like Indonesia, Vietnam, the Philippines.**

It is the solutions to companies doing business in Southeast Asia. **From remote hiring to setting up local operations.**
The application allows clients to immediately hire employees in all over countries without having to set up a local company **(Manage Tax and payroll).** It also allows the clients to setup new company in 1-4 weeks depending on the market (Indonesia, Vietnam, the Philippines).
As add-on, it offers **one-off services** like bank account opening, apply for visas and work permits, rent work station/meeting room.

RESPONSIBITLITY

- **Gather and evaluate user requirements** in collaboration with product managers and stakeholders.
- Illustrate design ideas using **storyboards, process flows and sitemaps and present it on Zeplin.**
- Develop UI mockups and prototypes that clearly illustrate how app function and look like **in Figma.**
- Create original graphic designs (e.g. images, sketches and tables). Prepare and present rough drafts to **internal teams and key stakeholders.**
- Identify and troubleshoot UX problems and conduct layout adjustments based on user feedback.
- Compare UI and staging app and mark the changes/correction as task in **Gitlab** and assign it to developers.

Manipal Technologies Limited
